Wednesday, November 21, 1906.

When one looks at the beautiful colt of Mr. R. Y. Turner that is less than two years old and that is now being driven around town, the wonder is that more people in this section do not show good horse sense by the raising of their own horses and mules. This attractive little animal would to-day easily bring more than double the cost of raising it. One hundred per cent is a pretty good dividend. Besides there is satisfaction in having a horse that one has raised himself and then there is another very decided advantage, in that it is already "tamed." There is nothing to lose in the effort to raise one's own stock at home and there is the possibility of great gain. Fairfield is peculiarly adapted to the raising of stock and there should be more of it raised here.

The Chester county board of commissioners has decided upon the improvement of the York and Chester road from the town of Chester to the York county line. A movement is now in order to take up the improvement of the road from the Chester line to Yorkville. Otherwise Chester will soon be making more extensive inroads into the trade of York county.—Yorkville Enquirer.

In this matter of building better roads Chester is right to the front and her business men in encouraging the building of better roads are showing financial wisdom of the highest order. From time to time we have called the attention of the business men of Winnsboro to the necessity of doing something worth while to encourage the building of better roads leading into town. Better roads for Fairfield must start from Winnsboro, the county seat and the business center of this section. Build good roads from Winnsboro for one mile in every direction and it will be a matter of a but a very short time before there will be an additional mile on each one of these roads and other miles will follow in quick succession. There is no investment that the business men of this community could make that would pay them better than the putting of money into the public roads leading to town. We want to see this effort made on at least one road and then see what other communities will do to follow the good example set. Better roads are the key note to progress in any community. These can not be had by the limited funds now at hand for this purpose. There must be private contributions to supplement the amount expended by the county.

FORTUNE PARK HEIGHTS.

Fine Residence Section to be Opened—New Streets and Lots Being Laid off.

In another column is published a notice of opening of books of subscription of the Fairfield Land Company. The incorporators are Jno. H. McMaster, L. E. Owens and J. Frank Fooshe. This company has purchased about 20 acres adjoining Fortune Park on the east and has already taken the necessary steps for the development of this splendid property, all of which is within the corporate limits of Winnsboro. Mr. H. H. White of Rock Hill arrived Monday and is now engaged in making the necessary survey for the opening this property. High Street which it fronts on the north will be straightened, thing that is very much needed for improving the appearance of that section of town. Several new streets will be opened also. Mr. A. S. Douglass has consented to the opening of a street across his lot facing on Evans street. Streets corresponding to an extension of Vanderhorst and Garden streets will also be opened. There will be a street across this property from the said Vanderhorst extension to Fortune Park, and another street down by the Park. As soon as these streets are opened and the lots are all laid out, a big auction sale will be had.

The opening of this fine residence section of town will mean great things for Winnsboro. It is just what Winnsboro has long needed and is sure to prove a great stimulus to the building of more homes, which is only another way of saying building a greater Winnsboro.

Blood Poisoning results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor; cure sour stomach, nausea, headache, dizziness and colic, without griping or discomfort. 25c. Guaranteed by Jno. H. McMaster & Co., druggists.

Misery Loves Company.

A Greenville friend of ours had a horse named Misery that ran away on all occasions. Thereupon he purchased another that could not be induced to run and named it Company, so that now he has a quiet and well behaved team. Such is love!—New Courier.

For Over Sixty Years.

MRS. WINSLOW'S SOOTHING SYRUP has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain; cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Vindication.

"What do you think of this idea of spelling reform?" "It's all right," answered Farmer Cornstossel. "I'm glad to see it. I allus did want something to happen to take the conceit out o' the school teacher that used to lick me fur not doing things his way."—Washington Star.

Nothing to Fear.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by Obeur Drug Co. and all medicine dealers.

I fear the prayers of John Knox more than all the armies or England.—Mary, Queen of Scots.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by Obeur Drug Co. and all medicine dealers.

Danger from the Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures LaGrippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds. 50c and \$1.00. Guaranteed by Jno. H. McMaster & Co., druggists. Trial bottle free.

Keep the bowels open when you have a cold and use a good remedy to allay the inflammation of mucous membranes. The best is Kennedy's Laxative Honey and Tar. It contains no opiates, moves the bowels, drives out the cold. Is reliable and tastes good. Sold by all druggists.
